

## Newsletter Lethbridge Centennial Quilters Guild

November 2009

Tuesday, November 24<sup>th</sup> saw a well attended Guild evening, with approximately 85 ladies presents.

Cheryl and friends put on a great hands-on demo about dyeing fabrics. Different types of dyes for different types of textiles were discussed and everyone who wanted to participate got a chance to don a frock and gloves and have a go at either Kool-Aid or Procion dyeing. It was very informative and fun. Thank you ladies!

The much anticipated X-mas ornament exchange took place with over 40 ladies participating. There was quite a variety of techniques and media represented. Anything from cross stitch to machine embroidery, to stuffed ornaments and more.

The treasured stash was won (to the great envy of some others !!) by Darlyn Davies. June Kometz came away with the doorprize and Karen Bobak was one of three ladies to win a prize in the loonie draw.

The show and share seemed to have a much larger contingent of participants this time, with lots of ladies heeding the call of the community-quilt-committee and piling on the dolly quilts.

A thank you goes out too to the hostesses who put on a lovely treat.

There will not be a meeting or a sew-all-day Saturday in December, but there will be a sew-all-day on Monday Dec. 14<sup>th</sup>.
